

UNIVERSAL ANTIFREEZE

CANADA GOLD UNIVERSAL ANTIFREEZE is formulated with ethylene glycol and a universal antifreeze inhibitor package that is a pre-charged SCA (Supplemental Coolant Additive) to provide year round protection against rust and corrosion. It is compatible with all conventional type cars as well as heavy duty and light duty diesel engines.

Specific Gravity	1.1138
PH	10.4
Total Water, %	2
Flash Point, °C	119
Colour	Neon Green
*NOTE: VALUES SHOWN ABOVE ARE REPRESENTATIVE OF CURRENT PRODUCTION AND MAY VARY WITHIN MODEST RANGES	

Applications: Meets or exceeds the following service requirements:

- > ASTM D-3306, D-4985, D-6210
- > EC: 3.1.1, 3.1.2
- > CUMMINS 90T8-4
- > DETROIT 7SE298
- > SAE: J1034, J1941
- > MACK Truck
- > Caterpillar Heavy Duty Coolant
- > GM 1825M(Aluminum), 1899M(Non Aluminum)
- > TMC/ATA RP 329/330
- > John Deere H5
- > CHRYSLER MS.7170
- > FORD WSS-M97B44-B/ESE-M97B44-A
- > Peterbilt, Kenworth
- > Cummins: 90T8-4
- > Freightliner: 48-22880
- > CID: A-A52624

****Do NOT blend or mix with extended life product antifreeze coolants****
